

# DOMINO THEATRE

## COVID-19 Safety Snapshot

*Prepared by Domino COVID-19 Working Group*

*Revision date September 19, 2022*

*Approved by Domino Board of Directors*

*Email contact: [info@dominotheatre.com](mailto:info@dominotheatre.com)*

### **How we're ensuring our volunteers and audience know how to keep themselves safe from COVID 19**

- Volunteers receive health and safety training for each production
- Stage Managers and Producers communicate safety information and monitor adherence to guidelines for each production
- Domino's COVID 19 Working Group regularly checks health information and news to update our plan as needed
- Social media, Domino's website, emails, publications, and signage at the theatre inform our audience of safety measures

### **How we're screening for COVID 19**

- All volunteers and ticket holders self-screen before coming to the theatre

### **How we're controlling the risk of transmission in our theatre**

- Everyone is required to sanitize their hands upon entry
- Masks are encouraged in all areas of the theatre
- Volunteers are provided with single-use masks, gloves, and face shields/eye protection upon request
- Hand sanitizer is available throughout the theatre
- Signage is clearly posted with instructions on best practices to control the risk of transmission
- Updated cleaning procedures are in place throughout the theatre

### **How we're making sure that our plan is working**

- We collect feedback from volunteers and guests through a dedicated email address
- We review our plan frequently and make changes based on feedback or updated Public Health guidelines
